IEEE IAS Electrical Safety, Technical and Mega Projects Workshop

March 3-5, 2014

Hyatt Regency Hotel Calgary, Alberta, Canada

www.ieee.org/estmp

The IEEE IAS ESTMP Workshop provides a forum for exchanging and advancing industry knowledge in the areas of electrical safety, engineering design, power system reliability and the implementation and execution of Mega Projects. The Workshop focus will be to share innovative concepts, successes as well as lessons learned in the areas of: 1) advancing state of the art knowledge and best practices, 2) stimulating innovation in creating the next generation of technology and 3) design and implementation of Mega Projects.

REGISTRATION IS OPEN – WWW.IEEE.ORG/ESTMP

Who Should Attend

Individuals that have participated in past ESTMP workshops continue to attest to the high quality of the presentations and tutorials. Anyone involved with electrical, safety, construction, or design would benefit from this workshop. Some of the companies that continue sending employees to the workshop include:

Albian Sands Energy Inc.,
Bantrel Canada,
Ber-Mac Electrical and
Instrumentation,
Capital Engineering,
Cenovus Energy,
CH2MHILL Canada,
Chemco Electrical,
Chevron,
ConocoPhillips Canada,
CoSyn Technology,
Dickin Engineering Inc.,
DuPont,

E&I Contractor,
Enbridge Pipelines,
EnCana,
Emerson Industrial,
EPCM,
Fluor Canada Ltd.,
Husky Oil
Irving Oil,
Jacobs Engineering,
Laird Electric Inc.,
Magna Electric Corporation,
Magna IV Engineering,
Nova Chemicals,

PCL Intracon Power Inc.,
PowerComm Inc,
Pyramid Corporation,
Shell,
Sinai Engineering,
SNC Lavalin Inc.,
Suncor Energy Inc,
Syncrude Canada Ltd.,
TransAlta,
Tri Ocean Engineering Ltd.,
University of Alberta
Worley Parsons,

Sponsorship

There are opportunities to sponsor such items as breakfasts, coffee breaks, lunch, presenters gifts, audio visual aids, printing of the workshop material, CDs, hospitality suites, social events, etc. as well as participate in the evening hospitality suites. For further information, contact our sponsorship chair, Don Wilson donald.wilson@siemens.com. **Thank you to the following sponsors already confirmed for this event:**

Brodwell Industrial Sales,
Deca Cables,
Eaton Corporation,
ESPS Electrical Safety
Program Solutions,
Fluor Canada Ltd,
General Cable,

Killark Hubbell,
Littlefuse Startco,
Mersen Canada,
3M,
Pyramid Corporation,
Rockwell Automation,
R. Stahl Ltd,

Schneider Electric
Siemens Canada Ltd,
Texcan,
Tyco Thermal Controls,
Thermon Canada Inc,
Trotter and Morton,

Schedule

A presenter list is available via this link <http://ewh.ieee.org/soc/ias/tmp/schedule.html>.

	Sunday March 2	Monday March 3	Tuesday March 4	Wednesday March 5	
7:00 - 8:00		Registration & Breakfast	Registration & Breakfast	Registration & Breakfast	
8:00 - 8:50		MV Drive Functionality & Applicability	UL 943C Special Purpose GFIs	Save Money: Innovative Cable Design	P&C Power Supplies
9:00 - 9:50		CSA Z462-2015 Changes & Impacts	New Predictive Arc Fault Technologies	Ask the Right Safety Questions	MV Breaker Transient Recovery: Case Study
10:00 - 10:50		Economics of Upsizing Conductors	Integration of Risk Management Principles into Safety Standards	A-B-C of Arc Flash Labeling	Panel Discussion: Startup and Commissioning
11:00 - 11:50		IECEX Certification of Personnel Competency Scheme	Why Upgrade Generator Protection & Grounding?	CSA Z463 Maintenance	
11:50 - 13:10		Lunch and Keynote Doug Harvey - TransCanada	Lunch and Committee Recognition	Lunch for Tutorial attendees	
13:10 - 14:00		Advanced Industrial Electrical Installations	ESP Performance Improvement via Electrical Audit		Concurrent Tutorials 1 - Design and Operation of Bus Motor Transfer 2 - Lighting Developments and Applications 3- Motor Testing 4 - Industrial Battery Technology
14:00 - 15:00		Panel Discussion: Conductor Temperature Ratings	Panel Discussion: Fire Safety Considerations		
15:00 - 16:00					
16:00 - 17:00	Early Registration Meet & Greet	Vendor Exhibition	Vendor Exhibition		
17:00 - 18:00
